

# ACTION ITEMS

## SMS Webinar Week 3 - Safety Leadership by Example

- All members of leadership team spend one hour out in the work area:**
  - Listen to workers concerns about safety
  - Take notes
  - Follow-up with action
  
- Commit to never entering work area without proper Personal Protective Equipment.**
  
- Create at least one new positive experience about safety for a worker in your company.**
  
- Start every meeting with a “Safety Moment.”**  
*A safety moment is a three minute conversation (could be a story, a news article, a near miss report, etc.) that brings everyone’s focus to safety.*
